a. Taxpayer number	b. Date
c. Taxpayer name	
Mailing address	
City	State
ZIP code	

d. Meter ID number

Who May File This Form

RV parks or campground facilities that had residents staying 30 days or more in the past year.

When to File

A claim for refund of sales tax paid must be filed for each separate calendar or fiscal year during which there was a predominant residential use of electricity. Predominant residential use means that tenants staying in the RV park or campground longer than 30 days consume over 50 percent of electricity measured through the meter(s) applicable to the refund claim as calculated using the formula shown below. The claim must be submitted on or before the fourth anniversary of the earliest month tax was due or paid within the year for which the claim was made. You may file only one claim per fiscal or calendar year.

You must keep complete records to support all the information on all site rental claimed. These records must be kept available for inspection by the Comptroller for at least four years, and may be required to be kept longer than four years if tax, penalty or interest may be assessed, collected or refunded, or during a pending administration hearing or judicial proceeding.

To File a Refund Claim

Send this signed refund claim form stating the amount to be refunded, the basis for the refund and any required documentation to the address listed below. For documentation required to file a refund claim, please review the information on our website at www.comptroller.texas.gov/taxes/sales/refunds/.

You are eligible for a tax refund only if the four-year statute of limitations has not expired.

1. Do you own or represent a campground facility that has residents who have resided there for at least 30 days? Yes No
 • **If the answer is "NO," you are not eligible for a refund based on residential use of electricity.**
