The Honorable Greg Abbott  
Governor  
State of Texas  
Capitol Building, Room 2S.1  
Austin, Texas 78701

Dear Governor Abbott:

We are pleased to announce the publication of the *State of Texas Annual Cash Report* for the fiscal year ended August 31, 2022. This report presents the state's financial condition and details revenues and expenditures on a cash basis as required by Texas Government Code Section 403.013.

The Consolidated General Revenue Fund ended the year with a cash balance in the State Treasury of \$33.7 billion, an increase of \$19.3 billion, or 134.1 percent, from fiscal 2021. The change in the balance is largely due to an increase in tax collections.

Balances in Special Revenue Funds decreased from \$42.1 billion in fiscal 2021 to \$29.7 billion in fiscal 2022. The Economic Stabilization Fund (ESF) ended fiscal 2022 with a total balance of \$10.7 billion, an increase of \$0.4 billion compared with fiscal 2021. The ESF ending balance consisted of cash in the amount of \$3.4 billion and investments having a fair market value of \$7.2 billion.

Net revenues for all funds excluding trust funds increased by \$12.8 billion, or 7.5 percent, from fiscal 2021, to a total of \$183.3 billion in fiscal 2022. Tax collections accounted for the largest revenue category totaling \$77.2 billion, an increase of \$15.7 billion, or 25.6 percent, from fiscal 2021. Federal income, the second largest revenue category, totaling \$72.7 billion, decreased \$9.2 billion, or 11.2 percent, from fiscal 2021.

Total net expenditures for all funds excluding trust funds increased by \$15.2 billion, or 10.4 percent, from fiscal 2021, to a total of \$161.8 billion in fiscal 2022. The largest dollar spending increase by governmental function was in Health and Human Services, which increased by \$7.7 billion to a total of \$74.6 billion.

We hope this information is helpful. Please let us know if we can be of further assistance.

Sincerely,

Glenn Hegar

# Introduction

**T**he *State of Texas Annual Cash Report 2022* is a cash-basis presentation of the state's financial condition as of August 31, 2022. The report's financial information is derived from the Uniform Statewide Accounting System maintained by the Texas Comptroller of Public Accounts. Various table presentations allow the reader to view the data from many perspectives.

The report shows revenue and expenditure details for all funds in the State Treasury. Revenue is reported in the period when cash is collected and expenditures are reported in the period when cash disbursements are made. Funds held outside the State Treasury are not included in the report with the exception of petty cash, investments, and Fund 0938 – Unemployment Trust Fund Account (in the Federal Treasury).

The report includes summary and detail tables. Revenue presentation includes sources such as taxes and federal income, as well as categories such as transportation and insurance. Expenditure information is shown by governmental function (education, health and human services, etc.) and by category (salaries, supplies, etc.). Additional information on investments held by the state, aggregate cash balances and major taxes can be found in this report. Balances for petty, travel or imprest cash are shown by fund.

This report shows information for all funds maintained in the State Treasury. Each fund includes the following information:

- date of origin;
- administering agency;
- authorizing statute;
- revenues and other sources at the object code level; and
- expenditures and other uses at the category level.

Timing differences may result in variances between the Cash Report, which is prepared on a cash basis, and the Annual Comprehensive Financial Report, which is on an accrual basis.

Net revenue is gross revenue less any discounts, allowances, refunds allowed by law or any other negative revenue adjustments. Net expenditures are gross expenditures less any discounts, allowances, refunds or other negative expenditure adjustments. Other Sources are cash inflows including state grant receipts, interagency receipts, interfund transfers, bond and note proceeds and investments. Other Uses are cash outflows that include state grant payments, interagency purchases, interfund transfers, debt service, principal and investments. Negative amounts occurring within the expenditure or revenue sections of each fund may occur due to prior-year corrections, refunds or transfers processed during the current year.

# ANNUAL *Cash Report*

## Review of the Texas Economy

The Texas economy added 726,900 nonfarm jobs from August 2021 to August 2022, an increase of 5.7 percent, to reach 13,530,100 at the end of fiscal 2022. Texas added more new jobs than any other state over those 12 months. Private-sector employment rose by 6.6 percent while government employment (federal, state and local) grew by 0.5 percent. The state's rate of job growth was the highest among all 50 states.

### Consumer Spending

Consumer spending is a major component of the Texas economy. In fiscal 2016, for the first time since 2010, state sales tax collections fell (by 2.3 percent) from the previous year's total. The decline in state sales tax revenue was led by reduced collections from the oil and natural gas-related exploration and production sectors, but collections from the manufacturing, retail trade, information and real estate sectors also were down compared to 2015. Growth in sales tax collections resumed in 2017, with revenue up 2.3 percent over 2016. Sales tax revenue was up again in 2018, by 10.5 percent and by another 6.5 percent in 2019 to reach \$34.0 billion. Despite economic disruptions resulting from the COVID-19 virus, 2020 sales tax collections managed a further increase of 0.2 percent from 2019, as increases in collections from the retail trade sector outweighed reduced collections from other sectors. Fiscal 2021 sales tax collections were up 5.6 percent from 2020 collections, with growth accelerating in the final three months of the fiscal year and continuing through fiscal 2022. Total sales tax collections increased by 19.3 percent over from 2021 levels,

with particularly strong growth in mining industry collections (up 103.2 percent).

The Consumer Confidence Index is a monthly measure of consumer optimism, an important factor affecting the sales of housing, automobiles and other major purchases. The index for the four-state West South Central (WSC) Region, which includes Texas, was down by 17.5 percent in fiscal 2022. The index for the nation as a whole was down 10.4 percent.

### Texas Industry Performance

Employment in the goods-producing industries increased by 7.8 percent in fiscal 2022, while employment in the service-providing industries grew by 5.3 percent. Employment increased in all three of the goods-producing industries (mining and log-

ging, manufacturing, and construction), led by a 21.1 percent gain in mining and logging. All of the service-providing industries also saw year-over-year growth in employment, with the largest percentage gains in the information (11.0 percent) and leisure and hospitality (10.1 percent) industries.

### Mining and Logging

Mining industry employment peaked in December 2014 at 321,900 and then declined steadily, reaching a low of 204,200 in September 2016. Industry employment then grew consistently for more than two years to reach 255,500 in January 2019. Industry employment fell sharply in fiscal 2020, but began to recover in the early months of fiscal 2021 and has increased consistently since then. August 2022 mining employment was up by 21.1 percent (38,100) from the August 2021 level, but at 219,000 was still 14.3 percent below the January 2019 peak.

### Manufacturing

The Texas manufacturing industry gained 51,000 jobs over the past year, an increase of 5.8 percent. Durable goods employment was up 30,300, with the largest increase in the fabricated metals manufacturing sector (15,700, 13.3 percent). That sector is closely associated with oil and natural gas exploration and production, and employment in the sector has been increasing along with that in the mining

industry. Overall, durable goods employment increased by 5.5 percent. Nondurable-goods manufacturing employment grew by 20,700 (6.4 percent), with the largest increase in the food manufacturing sector (9,600, 9.4 percent). Total manufacturing employment in August 2022 was 927,700.

The value of Texas exports in calendar year 2014 was a record \$289 billion, an increase of 3.3 percent from 2013. Those exports provided a substantial boost to manufacturing, notably for companies producing chemicals, computers and electronics, petroleum products, industrial machinery and transportation equipment. In 2015, the value of Texas exports fell sharply (to \$251 billion, down 13.1 percent), hurt by falling oil prices and a stronger dollar. Texas exports continued to fall in 2016, down another 7.4 percent. However, Texas 2017 exports were up 13.5 percent from the 2016 level and increased by another 19.4 percent in 2018. Total 2019 exports were 4.8 percent higher than 2018 exports; however, in November 2019, Texas exports decreased on a year-over-year basis. As a result of the COVID-19 pandemic and a fall in oil prices, exports fell sharply in 2020, down 15.5 percent from 2019 (to \$279 billion). Export growth resumed in 2021, up 34.4 percent from 2020 and reaching a new high of \$375 billion. Through July, Texas exports are up a further 39 percent from the corresponding period of 2021. Texas remains the nation's leading exporting state, as it has been for more than a decade. Texas exports comprised 20 percent of total U.S. exports in 2021.

# The State's Financial Condition:

## *Revenues, Expenditures and Cash Balances*

### **State of Texas Annual Cash Report vs. Annual Comprehensive Financial Report**

The state of Texas issues two financial reports each year: the *State of Texas Annual Cash Report* and the *Annual Comprehensive Financial Report (ACFR)*.

The *Cash Report*, issued on the first Monday in November, presents cash-basis information on revenues, expenditures and balances for funds held in the State Treasury. Balances for funds held outside the Treasury are not reported, with the exception of petty cash, investments, and Fund 0938 – Unemployment Trust Fund Account (in the Federal Treasury).

The ACFR, issued by the last day of February each year, is prepared in accordance with generally accepted accounting principles. It presents a more comprehensive picture of the state's financial condition than the *Cash Report* by combining the annual financial reports of all state agencies and universities. It also contains additional financial and statistical information necessary to conform to standards set by the Governmental Accounting Standards Board (GASB).

The major differences between the *Cash Report* and the ACFR are:

- (1) The *Cash Report* includes revenues and expenditures for funds held in the State Treasury. The ACFR presents information on all state funds including those held outside the State Treasury.

- (2) The *Cash Report* presents information for cash receipts and disbursements during the reporting period. The ACFR presents information on the accrual basis, recognizing amounts owed by the state but not paid at the end of the fiscal year, as well as amounts due to the state but not received by the end of the fiscal year.
- (3) The *Cash Report* does not show information on real property, other capital assets or long-term obligations. The ACFR includes these items and other items relating to the net worth of the state.
- (4) The *Cash Report* does not include statistical and economic data that is reported in the ACFR.

### **Funds Consolidation**

Consolidated funds are reported as accounts within the Consolidated General Revenue Fund. Dedicated revenues are retained by the special accounts. Tables 1, 2, 17 and 19 present information on the dedicated accounts within the Consolidated General Revenue Fund.

## Cash Condition

(Tables 1-2, Chart 1)

Table 1 reports the state's beginning cash balances, receipts, disbursements and ending cash balances for all funds. The ending cash balance for all funds includes cash available for general state spending, cash held in trust and cash designated for specific purposes. Total cash balances for all funds ended fiscal 2022 at \$75.2 billion, an increase of \$10.9 billion, or 17.0 percent more than fiscal 2021 as shown in Table 2, which presents the ending cash balances for all funds for the past five fiscal years.

Consolidated General Revenue includes activity and balances for the General Revenue Fund 0001 (the state's primary general operating and disbursing fund) as well as dedicated accounts consolidated in General Revenue. The ending cash balance of the Consolidated General Revenue Fund for fiscal 2022 was \$33.7 billion, an increase of \$19.3 billion, or 134.1 percent more than fiscal 2021. The General Revenue Fund is appropriated to support general government expenditures. Because this report does not include accruals, a portion of the balance must be reserved for liabilities of the state and a constitutionally required transfer of funds associated with oil and

**Federal Income**

Texas' federal funding decreased by 11.2 percent in fiscal 2022, totaling \$72.7 billion. Federal funds accounted for 39.7 percent of total net revenue, making them the second largest revenue source in fiscal 2022.

Program categories benefiting from federal money are shown on Table 5. This table distinguishes between matched

and unmatched federal funds that flow through the State Treasury. To receive matched federal funds, the state must spend its own funds first. The table includes federal pass-through funds that are received by the state and passed through to other entities administering federal programs. The table does not include direct federal grants to local governments and state universities.

Health and human services programs received more federal money than any other governmental function in fiscal 2022, at \$47.0 billion. The federal money was used for medical aid and public assistance programs, with some being distributed to other agencies that administer the programs.

Education and highway construction programs also benefit from large amounts of federal funding. In fiscal 2022, the Texas education system received \$15.6 billion in federal funds, of which \$12.3 billion was unmatched revenue. The Texas Department of Transportation (TxDOT) received \$4.5 billion of federal money, all of which must be matched.

In fiscal 2022, the State of Texas saw a 11.2 percent decrease in federal funds for a total of \$72.7 billion received across all agencies, a total of \$9.2 billion less than fiscal 2021. Health and Human Services Commission saw the largest dollar increase, of \$7.3 billion.

Table 6 lists agencies receiving the largest amounts of federal funds. The top nine agencies are identified, with the remaining recipients of federal funds grouped together in “All Other Agencies.”

**Net Expenditures Excluding Trust Funds**

(Tables 7-8, Charts 3-4)

In fiscal 2022, net expenditures, all funds excluding trust, totaled \$161.8 billion, 10.4 percent more than in fiscal 2021. By government function, health and human services expenditures were the largest, accounting for 46.1 percent of total net expenditures. By expenditure category, public assistance payments accounted for 43.1 percent of total net expenditures.

**Expenditures by Function**

Expenditures by governmental function are determined by agencies' primary functions. Expenditures that are applicable to many agencies are reported separately in specific

expenditure categories. Employee benefits include specific expenditures for all agencies, as well as all expenditures for agencies having employee benefits as their primary governmental function.

In fiscal 2022, Texas' largest expenditure function was health and human services. Total health and human services expenditures were \$74.6 billion, an increase of \$7.7 billion, or 11.5 percent more than in fiscal 2021.

Texas' second largest expenditure function was for education, totaling \$49.5 billion in fiscal 2022, an increase of \$4.6 billion, or 10.4 percent more than in fiscal 2021. See Table 14 for additional detail on net expenditures and other uses by function.

**Expenditures by Expenditure Category**

State spending is shown under various expenditure categories in addition to broad governmental function categories. Expenditure categories include salaries and wages, public assistance payments and intergovernmental payments.

Accounting for 43.1 percent of total expenditures, public assistance payments ranked as the state's largest expenditure category, totaling \$69.8 billion in fiscal 2022, 18.6 percent more than in fiscal 2021.

The majority of the state's intergovernmental payments are for the Foundation School Program, which is administered by the Texas Education Agency. Under this program, grants are made to local school districts to pay the state's

share of public school costs. In fiscal 2022, these grants totaled \$23.7 billion, 3.2 percent less than in fiscal 2021. Other public education grants were made to purchase textbooks and provide funding for students at risk, students with disabilities and child nutrition programs. These expenditures added \$12.2 billion to the education total, 82.4 percent more than in fiscal 2021.

Salaries and wages for state employees, including faculty at state colleges and universities, accounted for the third largest use of state funds. These expenditures reached \$14.0 billion in fiscal 2022, 6.8 percent more than the fiscal 2021 total.

For additional detail on net expenditures and other uses by object, see Table 15.

**Flow of Funds to Local Governments – All Funds**

(Table 9)

Each year, Texas distributes money from state and federal sources to local governments for a variety of program categories. In fiscal 2022, Texas disbursed \$53.1 billion to local governments, school districts and junior colleges. Funds flowing to judicial districts and political subdivisions are included under “Other” in Table 9.

Education accounts for 92.6 percent of state and federal funds (and 70.6 percent of all funds) flowing to local govern-

ments. Education programs, school districts, junior colleges and other local governments received \$37.5 billion in fiscal 2022.

The largest percent increase in funds flowing to local governments in fiscal 2022 was for natural resources/recreational services, totaling \$940.3 million, or 41.4 percent more than in fiscal 2021. “Shared Revenue” includes mixed beverage taxes and hotel occupancy tax. “Taxes Collected in Trust” includes local sales and use tax and other local taxes collected by the state and distributed to local governments.

(2) Data presented is unaudited and subject to change prior to publication of the State of Texas Annual Comprehensive Financial Report.

(3) Investment balances in the Lotto Prize Trust Fund are excluded, as the original value is shown as cash in the State Treasury.

Totals may not sum due to rounding.

**Investment Accounts****(Table 10)**

At the end of fiscal 2022, investments held by funds outside the State Treasury totaled \$375.3 billion, excluding securities lending collateral. Securities lending collateral accounted for another \$11.7 billion, bringing the total investment balance to \$387.0 billion.

In 2016, the state implemented GASB Statement 72, which requires certain investments to be reported at fair value. GASB 79, also implemented in fiscal 2016, allows for

amortized cost financial reporting for investments that are held in an external investment pool.

The Texas Constitution and state law authorize various agencies to invest fund balances in securities. Limitations placed on most of these agencies restrict the types of securities in which they can invest.

Some of the state funds with investment authority are non-expendable. Principal in these funds cannot be appropriated for state spending, although earnings on the investments can.

### Unrestricted General Revenue

(Table 11)

Table 11 shows the amount of General Revenue available after constitutional allocations and other restrictions. The \$74.4 billion shown supports bond debt-service payments and general revenue appropriations.

All allocations and transfers are shown in the year in which the actual allocation or transfer occurred. Restrictions for transfers to the Economic Stabilization Fund, State Highway Fund and other funds are classified as constitutional in a separate line item.

Article III, Section 49-j of the Texas Constitution provides that the maximum annual debt service in any fiscal year on state debt payable from the General Revenue Fund, including authorized but unissued bonds and lease-purchase agreements in an amount greater than \$250,000, repaid with general revenues of the state, shall not exceed 5 percent of an amount equal to the average of the amount of general revenue, excluding revenues constitutionally dedicated for purposes other than payment of state debt, for the three preceding fiscal years.

# Revenues, Expenditures and Cash Balances of State Funds

TABLE 12

**Net Revenues by Source and Object**

Years Ended August 31

This table shows revenue for the prior and current fiscal years by object code within source for all state funds. Current year net revenues are also presented excluding trust funds.

Each revenue item is identified by a unique code described in the Comptroller Manual of Accounts. The four-digit object code is the lowest level of detail provided for state receipts. The source code can correspond to a single object code, but generally represents a grouping of two or more object codes.

TABLE 14

**Net Expenditures by Function and Department**

Years Ended August 31

This table shows expenditures for the prior and current fiscal years for departments within governmental functions for all state funds. Current year net expenditure is also presented excluding trust funds.

The primary function of a department is the basis for determining expenditures by governmental function. Expenditures that are significant in amount and that apply to numerous agencies are shown separately, rather than being shown under the individual agency's function. These include employee benefits, capital outlay and debt service – interest. Employee benefits include specific expenditures for agencies having the employee benefit function as well as expenditures made for employee benefits by agencies having other governmental functions.

## Petty, Travel and Imprest Cash Advance Funds by Fund and Department

Year Ended August 31, 2022

This table presents balances of petty, travel and imprest cash for each agency maintaining these accounts outside the State Treasury. The cash is transferred from the State Treasury to a local bank account or kept on hand for use by the agency.

Travel, imprest, and petty cash advance funds are specifically authorized by statute. The funds are reimbursed by warrants drawn and approved by the Texas Comptroller of Public Accounts out of funds in the State Treasury. Closing a petty cash account does not increase an agency's appropriations. The statutes governing these funds are Texas Government Code, Sections 403.241 – 403.252.

# Notes to the Annual Cash Report

## Note 1 Annual Cash Report Presentation

The *State of Texas Annual Cash Report 2022* includes all funds in the State Treasury and has been prepared primarily from accounts maintained by the Texas Comptroller of Public Accounts. Additional data was derived from reports prepared by various state agencies. Report table totals may not sum due to rounding.

## Note 2 Summary of Significant Accounting Policies

### a. Basis of Accounting

Funds in the State Treasury are accounted for on a cash basis as required by the Texas Constitution and state law. Revenue is reported in the period in which the related cash collection is made and expenditures are reported in the period in which the cash disbursements are made.

### b. General Ledger

Amounts presented in Tables 1 and 10 represent account balances from the general ledger maintained by the Uniform Statewide Accounting System (USAS). These accounts are adjusted after year end (8/31/2022) to reflect accrual-based activity reported in the Annual Comprehensive Financial Report. Timing differences may result in a variance between the two reports.

### c. Pooled Cash and Cash Equivalents

Amounts reflected in this report as cash in the Treasury are pooled and reinvested by the Treasury in various financial instruments. The depository interest on the cash pool is credited proportionately to

each fund eligible to receive it. Depository interest earnings are transferred to each fund on a periodic basis. The following table reconciles total cash in the Treasury account with the actual balance of the pool of cash reinvested.

**d. Interfund Borrowing**

The Comptroller is authorized by state law to borrow money from statutory funds to cover General Revenue Fund cash flow shortfalls. These transfers to the General Revenue Fund are temporary and are returned to the lending fund as soon as practical. The Comptroller preserves the fund equity and the depository interest is allocated as if the transfers had not been made.

As of August 31, 2022, all short-term borrowings for the General Revenue Fund had been returned to the lending statutory funds and no liability existed.

**e. Investments**

Various agencies of the state are authorized by law to invest and reinvest the balances of certain funds in the State Treasury. Unlike the cash pool investments of the State Treasury in Note 2c, these agency investments are purchased directly from individual fund resources and thus reduce the cash balance of the related funds. The investments are maintained as an asset of the fund from which they are purchased.

Investments held by non-pension trust funds are reported at fair value in the balance sheet and investment income is recognized as revenue in the operating statement. Money market investments and participating interest-earning investment contracts, however, can be reported at amortized cost provided the investment has a remaining maturity of one year or less at the time of purchase. Pension trust funds are reported at fair value.

**f. Bonded Indebtedness**

Outstanding bonded indebtedness is maintained as a long-term liability. This includes the constitutionally authorized general obligation bonds that are accounted for in special funds in the State Treasury as well as higher education constitutional appropriation bonds and Permanent University Fund bonds. These bonds are recorded at par and are reduced by the amount of each payment of principal.

**Note 3  
Tax and Revenue Anticipation Notes**

The Tax and Revenue Anticipation Note Fund 0577 was created by the 70th Legislature as a special fund to account for issuance proceeds. The Comptroller is authorized under Texas Government Code, Chapter 404, Subchapter H to issue short term notes, including Tax and Revenue Anticipation Notes, on behalf of the State with authorization from the Cash Management Committee. These notes may be issued solely to coordinate the State's fiscal year cash flow and must mature and be paid in full during the biennium in which the notes are issued.

No Tax and Revenue Anticipation Notes were issued for fiscal year 2022.

### **Notable Legislative Changes**

The 87th Legislature created three new funds and five General Revenue-dedicated accounts that became effective during fiscal 2022. Also, three General Revenue-dedicated accounts were repealed. S.B. 1560 repealed General Revenue-dedicated Accounts 0108 – Private Beauty Culture School Tuition Protection and 5081 - Barber School Tuition Protection and combined them into new 5192 - Barbering and Cosmetology School Tuition Protection. S.B. 709 abolished General Revenue-dedicated Account 5156 – Fire Protection Fees.

Midwestern State University became a member of the Texas Tech University System effective fiscal 2022 by H.B. 1522.

Fund 1201 - Texas Emissions Reduction Plan Trust, passed by the 86th Legislature, became effective beginning fiscal 2022. This new trust fund, held outside of the State Treasury, receives emission plan surcharges collected on motor vehicle sales, registrations and titling previously deposited to General Revenue-dedicated Account 5071 – Emissions Reduction Plan.

H.B. 1545, passed by the 86th Legislature, repealed the Beer Tax and Malt Liquor Tax and created the new Malt Beverage Tax, effective beginning fiscal 2022.

## **Note 6**

### **Economic Stabilization Fund**

The Economic Stabilization Fund (ESF), commonly called the “Rainy Day Fund,” was created by the passage of an amendment to the Texas Constitution in November 1988. The ESF is established in Article III, Section 49-g of the Texas Constitution and became effective on September 1, 1989.

The constitution determines which revenue sources are to be deposited to the fund and the requirements for making appropriations from the fund.

The constitution also caps the maximum ESF balance at an amount not to exceed 10 percent of certain general revenue deposited during the previous biennium. Statute requires the fund retain a sufficient balance equal to 7 percent of the certified general revenue-related appropriations made for that fiscal biennium. This balance acts as a threshold for the constitutional transfer to the State Highway Fund (SHF) and determines if any adjustments of constitutional allocations to the ESF and the SHF are required. The sufficient balance for the 2022-23 biennium is \$8.3 billion.

The Comptroller is authorized to invest ESF under Government Code Section 404.0241 in accordance with a prudent investor standard, provided that at least one-quarter of the ESF is invested in a manner to ensure the liquidity of that amount, and that the balance of the fund is sufficient to meet its cash flow requirements.

The 87th Legislature appropriated \$531.1 million in supplemental appropriations from the ESF to state agencies and institutions under H.B. 2. The largest single ESF appropriation was for \$321.3 million appropriated to the Health and Human Services Commission for state hospital construction-related expenses.

The ESF available cash balance as of August 31, 2022, was \$3.4 billion. The total asset value of investments as of August 31, 2022, was \$7.2 billion for a total balance of \$10.7 billion. The ESF investments are included in Table 10.
